Court Sends Warrant Re-issuance/Purge Request Confirmation Notification (ISS905)

Exchange Description

A trial court uses this NIEM-based data exchange to send an acceptance response to the same integration partner that originated the warrant re-issuance/purge request.

The confirmation notification message sent by the trial court to the integration partner contains the warrant re-issuance/purge request information (e.g., CCMS case number, participant, and warrant re-issuance or purge case information).

No response message is sent by the integration partner upon successful receipt of the confirmation notification message. Successful delivery of the confirmation notification message is assumed unless an error in delivery or processing by the integration partner occurs.

Business Response Exchanges

The business response refers to any subsequent exchanges that may occur as a direct result of this exchange, as follows:

- There is no business response to this exchange.

Error Handling

If the integration partner does not successfully receive and process the incoming message, the trial court will receive an error message with an error code and error reason.

PROBABLE INTERESTED INTEGRATION PARTNERS

- Law enforcement agency
- County sheriff

RELATED EXCHANGES

Related data exchanges are any preceding or subsequent data exchanges that may be used by an integration partner as part of the overall business process related to this exchange.
